

NAVIGATORS

GRIEF SUPPORT SERIES

Tuesdays, April 7th-June 2nd, 2026
6:15-8:15 p.m. in Allen Park, MI.

Equipping families with the information, tools, and resources to navigate the grief journey as a family.

Henry Ford SandCastles 8-week Grief Navigators Program provides a space for families to join together in community with others on their grief journey to explore the rocky waters of grief and find a path towards healing.

Children and teens will spend time with peers utilizing art, play, and activities to help normalize their grief journey. While adults will meet separately to discuss the challenges of raising grieving children and receive support through educational presentations and discussion.

Regular attendance is required as it complements the bonding of group participants, and each session builds upon the last. Enrollment closes after week 2.
